CANOVAS' MURDERER.

He Makes a Confession of His Terrible Crime.

NAME IS MICHELO ANGINE GOLLI.

He is a Native of Boggia, Italy, Near Naples—He Frankly Professes Anarchist Doctrines and Does Not Regret His Crime—President McKinley Expresses Sorrow and Sympathy.

MADRID, Aug. 10.—The man who shot and killed Señor Canovas del Castillo, the prime minister of Spain, has made a confession. He said that his real name was Michelangelo Golli, that he was 26 years of age, a native of Boggia, near Naples, and that he left Italy and came to Spain in 1890. After reaching Spain, Golli, according to his confession, resided at Barcelona and participated in the doings of the various anarchist associations of that place and vicinity. After sojourning at Barcelona for some time he visited France and Belgium and returned to Spain in July last.

After his return the anarchist seemed to have completed the plans for the assassination of the prime minister. He left Madrid for Santa Agueda at the same time as Señor Canovas del Castillo, and waited an opportunity to assassinate the statesman. In appearance Golli is of medium height, wears a full beard and spectacles, and his demeanor is that of a quiet, law-abiding citizen. He says he is satisfied with having "done his duty," and asserts that he had no personal grudge against the premier and was merely obeying orders received from his superiors in the secret society to which he belonged.

He frankly professes anarchist doctrines, says he was sent in 1893 to three months imprisonment in the jail at Lucerne, in Italy, and claims that he escaped from there to Marseilles, from which port he made his way to Barcelona.

Señora Canovas, wife of the premier, who was but a short distance away from her husband when the crime was committed, rushed to his side upon hearing the shots. As the premier lay dying upon the ground she bitterly reproached the murderer for his crime.

Montjuich is the fortress of Barcelona, outside of which the anarchists who have been sentenced to death for recent outrages have been executed by being shot in the back.

The anarchists recently executed outside of Montjuich were the last batch of those who were guilty of throwing a bomb on June 7, 1896, into a religious procession about to enter the church of Santa Maria Delamara, upon the occasion of the Corpus Christi celebration.

Twelve persons were instantly killed, and about 50 others, several of whom since died from their wounds, were injured. For this crime 20 anarchists were sentenced to death, and many of them were executed. The condemned men invariably shouted: "Long live anarchy" just before the orders to fire were given.

A post-mortem examination of the body of the premier was made yesterday prior to embalming it for transportation to this city. The funeral will be most impressive. The highest military honors will be accorded the dead premier at his funeral. The court will, however, not return here from San Sebastian, the summer residence, to attend the funeral ceremonies. The queen regent will be represented at the funeral by the Duke of Solomayor.

The official Gazette appeared with a black border and announced the appointment of Lieutenant General Don Maroto de Azcaraga, the minister for war as premier ad interim.

It is reported that Señor Pidill, president of the chamber of deputies, will be appointed president of the council of ministers in succession to the late premier, at the expiration of the nine days' mourning.

WASHINGTON NOTIFIED.

President McKinley Expresses Deep Sorrow and Sympathy.

WASHINGTON, Aug. 10.—Official notice of the killing of the Spanish premier reached the state department yesterday in the following telegram from Minister Taylor:

"Canovas assassinated by anarchists. Have expressed profound sympathy."

The secretary of state immediately caused to be drafted the following message of condolence, which was forwarded to Minister Taylor, after having been submitted by telegraph to President McKinley:

"Your action approved. Renew in name of the president his expression of deep sorrow and sympathy for the loss borne by Spain in the death of Señor Canovas del Castillo, the prime minister of Spain, one of the most eminent of the statesmen of our time, and convey condolence to family of the deceased."

DELEGATE PALMA TALKS.

He Thinks That the Death of Canovas Will Help the Cuban Cause.

NEW YORK, Aug. 10.—At the headquarters of the Cuban Junta Delegate T. Estrada Palma talked briefly about the assassination of the Spanish prime minister. He said that in his opinion Canovas was more responsible for outrages in Cuba than was Weyler, and his killing seemed to be an act of retribu-

tion. At the same time the Cuban party had nothing whatever to do with the death of Canovas and had no knowledge that such an act was even contemplated by anarchists or any one else. Silva, who was second to Canovas in power, although a member of the Conservative party, has expressed the opinion that if he had the power and was in possession of the absolute knowledge that the Cuban difficulty was the cause of the general uprising of the Cubans and not of any clique, he would advise the Spanish to evacuate the island.

Dr. Palma said that from every view the confusion caused by the death of Canovas could not but help the Cuban cause. The Cubans had no expression of sympathy to make for the act of the assassin, but at the same time Cubans could not but feel that they would benefit by it. Canovas had been threatened by the anarchists of Spain and/or France, who are closely allied. Dr. Palma expressed the opinion that if Silva should be selected to succeed Canovas General Palavieja would succeed Weyler. General Palavieja has recently returned to Spain from the Philippine Islands. The Cubans would not receive any more humane treatment at the hands of General Palavieja, as he is a believer, Dr. Palma says, in the Weyler methods of outrage and assassination. The Cuban army had fought in a manner which had commanded the respect of all nations, while Weyler and his men had brutally murdered and committed outrages which called for the condemnation of all civilized people.

In conclusion, Dr. Palma said that the Cubans would not accept less than absolute independence.

The rooms of the Cuban junta were crowded with the members of the party, all of whom expressed themselves in condemnation of the act of murder committed by the Italian anarchist.

Has Awakened the London Police.

LONDON, Aug. 10.—The assassination of the prime minister of Spain has caused great excitement and activity among the police of all branches in this city. All the men absent on leave have been recalled, and constant communications are going on between the British police headquarters here, Scotland yard, and the headquarters of the Spanish police at Madrid.

MASKED ROBBERS' DOINGS.

Bachelor Brothers Brutally Tortured to Make Them Give Up Their Money.

JOHNSTOWN, Pa., Aug. 10.—Four masked robbers entered the house of Philip and John Dever, aged and wealthy bachelor brothers living in Munster township, Cambria county, Sunday night and demanded their money. The two brothers and a nephew aged 30 years were bound and gagged and the house ransacked. Failing to find any money, the robbers took lighted sticks and burned the feet of the three men to compel them to tell where the money was secreted.

While the burning stick was being applied to the feet of Philip, the nephew, who had managed to slip the blindfold from his eyes, turned his head to see what was going on. One of the robbers saw the move and ran to him, striking him a terrible blow on the mouth with his revolver, knocking out his teeth, shattering the lower jawbone and splitting the upper lip.

All their efforts failed to obtain information as to where they could find money, and the four men finally departed, leaving their victims tied. They are terribly injured, and Philip, who is 78 years of age, may not recover. There is no clew to the robbers.

DIED OF HER INJURIES.

A Woman Pierced by a Bicycle Handled Upon Which She Fell.

JEFFERSONVILLE, Ind., Aug. 10.—Mrs. Mary Grass of Port Fulton died yesterday of injuries received one week ago. Mrs. Grass, who was 50 years old, went to see the great new steamer, Robert E. Lee, launched at Howard's shipyards, and stepped close to the water's edge to get a better view.

She did not notice that just behind her a boy dropped a bicycle with a broken handle-bar, and when the waves from the launch came in she stepped back to keep her feet dry, stumbled and fell upon the handle-bar. The broken end penetrated the lower part of the abdomen for a distance of seven inches, inflicting the injury of which she died.

Boys Fight at Church.

LITTLE ROCK, Ark., Aug. 10.—Thad Butler and Jesse Pearson, two white boys, aged 14, became involved in a fight during religious services at Butler church, near Star City, Lincoln county, Sunday night. Both boys used their knives and fought viciously. Butler was cut five times, and Pearson was stabbed near the heart. Both will die.

The fight occurred while the minister was delivering his sermon, and the congregation left the church in great confusion.

Riot in a Jail.

ST. LOUIS, Aug. 10.—A riot broke out last night among the prisoners in the jail at the Four Courts shortly before midnight. An alarm bell brought a force of detectives and police from headquarters, and with these reinforcements the prisoners were quieted without bloodshed. Twenty of the malcontents were placed in dungeons.

APPEALS FOR FOOD.

Hunger Doing Great Injury to the Miners' Cause.

SUFFERING IS BEING RELIEVED.

A Thousand Dollars' Worth of Groceries and Provisions Distributed in Various Parts of the Districts—Strikers Getting the Miners Out in the Wheeling District—Reports From Various Places.

PITTSBURG, Aug. 10.—Hunziker is doing more injury to the cause of the miners than any other one thing, and the efforts of the commissary department is doing everything possible to provide against this contingency.

Appeals for food and provisions were numerous at the headquarters of the miners officials in this city yesterday. It appeared as if there was a wall from every section of the district, and miners in person were present to ask that the suffering ones be looked after. Secretary Warner was kept busy answering the appeals. He said last night that he had sent more than \$1,000 worth of groceries and provisions into various parts of the district. The appeals are now coming in from the families, the heads of which are at the various mining camps using their influence to keep other men from working.

Thomas B. Dearmit, superintendent of the New York and Cleveland Gas Coal company, worked hard yesterday to get the miners at Oak Hill to return to work. By a house to house canvass he succeeded in getting a few more diggers than has been at work. Thirty-seven miners went in. The men were told by Mr. Dearmit that they would lose all they had earned if they would not work and would be given five days to vacate the company houses.

The miners say only 75 men out of 350 were at work in the Plum Creek mine. The company claims almost a full force was working. The strikers are hopeful that the remaining diggers will quit work after getting their pay.

The Plum Creek men were not paid yesterday, and it is expected the company will require the men to sign a new agreement before they are given their envelopes.

The Sandy Creek miners are awaiting developments. They are hopeful the courts will set aside the contracts of the company which the miners were obliged to sign.

A series of meetings are to be held all over the district. It is expected to keep up the interest in every section and strengthen every point where there is the least indication of weakness. The vigils of the mines of the New York and Cleveland Gas Coal company are to be kept up and the vigor increased from day to day.

A march is to be made from Tartle Creek tomorrow. There will be a number of brass bands in the procession. The strikers desire to awaken an interest in that section, as they claim the mines that are working are an injury to their cause.

At the instigation of Thomas S. Sutton of Willocks, Henry Ulrich, Emil Nazer, Henry Huser and Gustav Rings, miners, were committed to jail for a hearing before Alderman J. V. McMasters on various charges yesterday. Ulrich is charged with aggravated assault and battery; Nazer with assault and battery, and Huser and Rings with unlawful assemblage. The arrests are the result of an altercation at Willocks July 26, on account of the strike. Warrants are out for a number of others.

Early yesterday morning the miners of West Elizabeth made a march on the mines of the Elizabeth Mining company, formerly operated by Horner & Robert. About 50 miners were going to work. After a consultation the men asked that they be allowed to finish loading a flat. They agreed to go out as soon as it was loaded, which will take several days. The officials of the company made an effort in the afternoon to get permission from the mining officials to continue work on a 60 cent basis. This was not given, and it is expected that the mine will be idle as soon as the flat is loaded.

MINERS ENCOURAGED.

A Number of Men in the Wheeling District Have Joined the Strikers.

WHEELING, Aug. 10.—Matters took a turn yesterday in the Wheeling district and the miners are feeling encouraged. Yesterday morning a small army of miners from Moundsville and Elmwood gathered at the works of the Glendale company, eight miles below the city, and soon induced the working miners at that plant to come out to a man.Flushed with their success at this point, the strikers, reinforced by the Glendale men and by a body of strikers that had come across the hills from Elm Grove, went to the Boggs Run mines and camped out on the hillside.

In the afternoon as the miners came out from their work the strikers took them in and secured their promise to remain out of the mines during the strike if all the men employed by the Boggs Run would make the same promise. The army then disbanded, with instructions to assemble at the mouth of Boggs Run mines, when the other miners will be seen and their promise to stay out secured. It is anticipated that this effort to cause a general suspension in the Wheeling district will meet with success.

ILLINOIS MINERS ON THE MARCH.

SPRINGFIELD, Ills., Aug. 10.—A State Register special from Lincoln says the miners of that city met and decided unanimously to March Wednesday

morning to Mt. Pulaski and endeavor to get the miners there to strike, and from there go to Ninantic on a similar mission, and from there to Decatur, where the delegations from Springfield, Anna and other places will meet them. The operators at Lincoln offered their men work every day in the week—they have been having but two days work on an average—if they would return to work. The proposition was declined.

Railroad Condemned.

HUNTINGTON, W. Va., Aug. 10.—Representative miners from Ohio and West Virginia have just passed resolutions condemning the Norfolk and Western railway officials for banning coal from West Virginia fields. The railway has had an extra force of watchmen placed at every bridge and trestle on the line.

GOLD IN KENTUCKY.

Rich Quartz Found in Abundance in Hardin County.

ELIZABETHTOWN, Ky., Aug. 10.—There is no longer any question that gold has been found in paying quantities in this (Hardin) county, and that there are fortunes in sight for those who have claims in the favorable locality. The gold discoveries do not promise the richness of the Klondike regions, but the finds are sufficiently rich to guarantee comfortable profits to the fortunate owners of the properties.

W. B. Cundiff of Summit, 18 miles west of this place, and James D. Terry of Elizabethtown, who have a claim near Summit, are working it, and are now 20 feet down in the rock. The ore taken out within a few feet of the surface was assayed by E. W. Berry, the president of the National Bank of Idaho City, Idaho, who is a registered assayist, and he reports it extremely rich. His assay shows \$3,079 pure gold to the ton and \$1,289 of silver. The quartz continues to increase in richness the deeper they go into the shaft, and judging from what an old miner says, will show up \$60 to the ton. He says the vein is about an inch and three-quarters wide, but continues to widen as they go down. It is found in a whitish granite, and so far \$12 per ton will cover all expenses of extracting the gold.

Within a mile of this mine gold has been discovered in six different places. The ore taken from these new discoveries was sent to the United States assay office at Washington and assayed, showing up an average of \$5,267 to the ton. The people in this section are excited and hundreds will soon be out with pick and shovel prospecting for the precious metal.

The discoveries here are not on the placer mine order, but on the quartz order.

The surveyor of the port at Louisville, B. F. Alford, is one of the largest owners of the gold land in the Summit section of this county. He is also making arrangements to work mines.

CHARLES TRAUTMANN DEAD.

He Was a Noted Rifle Shot and African Explorer.

NEW YORK, Aug. 10.—Charles Trautmann, a famous rifle shot, died yesterday at his home at Elizabeth, N. J., of dropsy, aged 62 years. For years he had captured the first prizes at the Schnetzlund Fand festivals. He had a roomful of trophies, won by his skillful shooting.

Trautmann spent 20 years in South Africa, where he was noted for his prowess with the rifle, and acted as guide to noted Englishmen on hunting expeditions. He was with Livingstone on one of his exploring trips, and also with Henry M. Stanley on his first expedition.

Cycle Company Assigns.

PHILADELPHIA, Aug. 10.—The F. W. Damppan Cycle company made a general assignment yesterday for the benefit of its creditors, allowing a preference to Roane, Hazard & Company of Peoria, Ills., and the Kirk Young company of Toledo, O. Mr. Damppan said the failure was due not alone to the general depression, but because of the cut rate war now going on among the large dealers. The Peoria company's claim is for \$10,000. Assets and liabilities have not yet been estimated.

Despondent Young Man Suicides.

ST. LOUIS, Aug. 10.—James Alden, aged 20, counter clerk in the business office of The Post Dispatch, committed suicide in the office yesterday afternoon by shooting himself in the head. Young Alden had just returned from a visit to Cincinnati, where his mother lives. While no reason is known, it is supposed the deed was committed because of a love affair in Cincinnati. Deceased has a brother here named Edgar F. Alden, who publishes a religious paper.

Holding a Suspicious Schooner.

BIDGEPORT, Conn., Aug. 10.—The schooner Blanche Morgan, which was held by order of the government authorities early Sunday morning on suspicion that she might be engaged in a filibustering expedition to Cuba, is still up here in the custody of Collector Gordon. Down the harbor lies the United States dispatch boat Fen, guarding the entrance to prevent the Morgan from escaping should she undertake it.

An Unnatural Mother.

QUITMAN, Ga., Aug. 10.—Idelia Powell Banks, a widow of a former well-to-do cotton planter, is in jail, charged with the murder of her 4-year-old son. She acknowledges the crime, and advised a minister, who called upon her, that she desired to be hanged as soon as possible. According to her statement the boy was so ugly and so lacking in intelligence that she was ashamed of him, and she drowned him in a pond.

The Democratic Senatorial primary election in the Brown-Clermont-Butler district over in Ohio last Saturday has developed a rather unusual state of affairs. The vote in Brown County resulted: Garrison, 1,478; Tissandier, 876. Tissandier carried Clermont and Butler counties, however, which would give him the nomination, but by an agreement between him and Garrison, the defeated man in Brown County was to withdraw from the convention, and this will put Tissandier, who had the nomination in his vest pocket, out of the race. Of course his friends in Clermont and Butler will see that Garrison is defeated also, and some other aspiring politician will profit by their unseemly wrangle.

LONG BRANCH.

A Maysillian Writes Interestingly of This Beautiful and Popular Summer Resort—A Plunge in Old Ocean.

LONG BRANCH, N. Y., August 6, 1897.

Dear Bulletin: On my arrival East it was my intention to write you from New York, but concluded to wait until my visit to Long Branch as first impressions are always a better incentive to literary inspirations. We left New York June 30th on a steamer called "Pleasure Bay," accompanied by quite a party of gay friends and fellow-boaders for this most beautiful and deservedly famous resort.

After leaving the boat we took the trolley car and in about ten minutes arrived at the door of "Aberdeen Cottage" which was engaged by our landlady for the season. A three hours' sail from New York on a bright summer afternoon down the beautiful majestic deep blue Atlantic is a most enjoyable event.

For quite a distance every particle of landscape is entirely vanquished from view, and for the time being, the floating vessel, the water and the sky form the only world as it were. At other times we were shown by our new friends some of the most interesting places on the coast such as "Highland Beach," "Sandy Hook" and "Sea Bright."

On Sunday morning we attended mass at the loveliest little Catholic church in New Jersey; it is situated on Seaside avenue and known as "Star of the Sea." Surrounding it is a beautiful yard and on one side of the walk leading to the entrance there is a lovely sun composed of bright variegated leaves and blooming plants; on the opposite side there is an anchor of the same pretty flowers, and the grass there is like the greenest of velvet. The architectural design in the construction is very odd, handsome and unique.

Besides the congregation, who are refined elegant looking people, a great many wealthy Catholics attend thereto come down from New York, Brooklyn and elsewhere to spend the summer. Well, after services we went immediately to the beach, where the continual swell of the white, billowy waves against the shore is to be the herald for the first time a most impressive and magnificient sight. At first there were only a few bathers to be seen from the spectators' pavilion, but finally they began to come until at last there was a happy multitude splashing about and enjoying itself immeasurably. Of course that is what they come for, the ladies especially, a plunge in the surf, and to show off their pretty bathing suits and ball gowns. Nearly all the visitors avail themselves of the big bathtubs in the ocean, and went right "in the swim." It is because there is a certain uncertainty about a dive in the ocean that makes it so exciting, exhilarating and interesting; you never know what is going to happen when you are in the tide. Once in, the fascination is overwhelming—few people remain here any length of time—few hang their clothes on a metaphorical hickory limb and never go near the water.

Nearly all the pretty cottages are named for books or prominent people such as "Victoria," "Ivanhoe," "Garfield," "Aberdeen," "Loring," etc.

There are two papers published here—the "News and Times," and the "Long Branch Record." At some of the hotel balls all dress in pure white suits—at other times they have boudoirs at which wheel costumes predominate. The beautiful horses and stylish vehicles attracts great admiration and attention rolling along the broad shaded asphalt avenues, and the drive we enjoyed Sunday afternoon is something to be remembered.

With pardonable pride we learned that the "spau" was raised in old Kentucky, near Lexington. This is an ideal place for the student of human nature; here one sees them all, the society bell, the summer girl, the bicycle girl, the professional man, the business man, the clerk, the drummer, the dude and the chapote. However, when one meets the better class of eastern people there is none to compare with them on this continent or abroad. In appearance, intellect, disinterested generosity, polished manners, social etiquette and broadmindedness they can't be surpassed. Au revoir.

The local dealers are receiving a great deal of new wheat this week.

HECHINGER & Co.'s fine stock of shoes will be received in a few days. Workmen are engaged to-day in fitting up a department in the Oddfellows' Hall Clothing Store for the firm's new line of business.

The biggest Monday night audience of the season was at Electric Park last night. The entertainment is the best yet presented. Helf and Yost scored a big success and the others were fine in their specialties. Go out to-night.

The citizens of Plumville have got the frame of their new church and are thankful to the people of Maysville and others who contributed to the cause, for their kindness. Conference commences September 9th and when it is over the old church will be torn down and new one erected. The good people of Plumville will appreciate additional donations or any contributions to help them complete the new house of worship.

THE "BLACK DIAMOND."

The Surveyors Began Work Monday Morning at Dover on the Kentucky Branch of the Road.

The "Black Diamond" engineers began work at Dover Monday morning amid a great hurrah to locate Col. Boone's railroad from that point to Frankfort.

The first stake was driven by Miss Anna Boyd and Editor Curran, and there were speeches by Col. Boone and General Williams, the latter of Knoxville. Col. Boone says he will push the work until the road is completed.

Civil Engineer Crenshaw, of Knoxville, is at the head of the corps of surveyors.

Mrs. Lou Barcroft has qualified as administratrix of George Barcroft.

The reported improvement in Mr. G. W. Rogers' condition was only temporary. He became much worse last week and will be brought home to-day or to-morrow.

When you see Murphy, the jeweler's stock of "diamonds" and "gold watches," you will be convinced that he carries the "largest" stock. When you learn his prices you will be convinced that his prices are "lower." He never "misrepresents goods." All are "warranted."

The contractor for the improvement to the C. and O. bridge at Limestone creek is pushing the work and has a force of hands employed night and day now. An arc light was hung under the bridge Monday so as to enable the workmen to run the pile-driver at night. The recent rise in the river delayed the work about a week and the heavy rain last Wednesday filled the excavations with water and mud and caused another delay.

The most attractive of all excursions announced by the C. and O. route for regular trains leaving Wednesday, August 11th, is to Old Point Comfort and return. The scenery of the Chesapeake and Ohio is noted for its variety and beauty. The route is replete with points of historic interest and excursion tickets will be good for stop over at Hot Springs, Va., White Sulphur Springs, W. Va., Richmond, Va., and numerous mountain resorts. Twelve dollars round trip from Maysville. Tickets good fifteen days.

The case of the Commonwealth against Bill Tassy, the negro who shot and wounded Joe Price, another negro, near Lewisburg Sunday morning was called before Squire Howe Monday afternoon. Several witnesses testified for the prosecution, and court then adjourned until Wednesday at 10 a. m. when Price may be able to appear. The evidence introduced Monday disclosed the fact that the men met on the pine in front of the "Half Way House" and without exchanging any words Tassy pulled his pistol and shot twice at Price. One of the balls entered Price's left leg, close up to the body, and has not been located.

Mr. J. FRED HELF has favored the BULLETIN with a copy of his popular song, "Two Sweethearts of Mine."

COL. R. G. LYNN is confined to his room at the home of his sister, Mrs. Burrows, on East Front street with an attack of rheumatism.

THERE is no improvement in Mr. F. C. Petry's condition. The physicians at the College Hill Sanitarium pronounce him case hopeless.

The infant child of Mr. James Rovark died yesterday at his home in the county. His wife, it will be remembered, died a few weeks since.

ROBINSON & FRANKLIN's advertising car was here Monday, billing the city and surrounding country. Monday, August 23d, is the date of the show.

ED. H. CRONINGER and Clarence M. Roberts, nominated at Cynthiana for Chief Consul and Secretary-Treasurer of the Kentucky L. A. W., have withdrawn.

MR. JAMES RASP, who had the misfortune to break one of his arms while exercising at the gymnasium Saturday, is getting along as well as could be expected.

At a picnic in Adams County Saturday a difficulty arose between Mace Gorday and John Hayslip. Hayslip fired two shots, which took effect in Gorday's head, killing him instantly.

THE L. and N. sent in an extra freight Monday, the train consisting of eight or ten car loads of cattle. On the return trip the extra had several cars of coal for points between Maysville and Paris.

The mother of Rev. Howard Henderson died Sunday at Cynthiana. Dr. Henderson is himself suffering, a thorn having entered his eye while he was clipping roses. He caught cold in the wound and it has been a very painful one.

On account of Labor Day celebration and Agricultural Society meeting at Portsmouth, O., the C. and O. will sell round trip excursion tickets, Maysville to Portsmouth, at rate of \$1.55. Dates of sale, September 6, 7, 8, 9 and 10. Good returning until September 11.

The cases against "Huff" Glinn, charged with disorderly conduct, and against John Girvin and James Burgle, charged with cutting and wounding Manager W. H. Fremont of Electric Park, were called in the Police Court Monday afternoon. All were continued until next Friday at 10 a. m. Mr. Fremont was not able to appear.

Acetylene Gas.

We are now prepared to place on the market our machines for generating acetylene gas. These machines are adapted for lighting stores, factories, churches and private residences. Small towns and farmers can now have gas as well as those in the cities, as each consumer controls his own little gas plant, which is quite inexpensive. We guarantee to furnish six times as much light at less than half the expense of ordinary gas, electric light or kerosene lamps. A first-class agent is wanted in every county to sell our machines. TOLEDO ACETYLENE GAS CO., Toledo, Ohio.

WHILE the regular L. and N. freight train was being made up Monday, two or three cars got away from the brakeman and crashed into the caboose that was standing on the main track. One end of the caboose was badly demolished.

We Must Make Room.

In anticipation of a big Fall trade and realizing that goods pertaining to our lines will advance (a great many have already) we bought early and largely. We are already beginning to receive shipments; moreover,

IT WILL NOT BE LONG BEFORE OUR GREAT LINE OF MEN'S SHOES WILL COME IN

so you see we must make room. Now if you will look in our windows and see the line of Suits we are offering at \$10 you will assist us in making room. All of our fancy Chevrolet Suits in checks, plaids and stripes—Suits that we sold at \$18, \$16.50 and \$15—go in this sale. No house in the State ever did or ever will offer a line of Suits like these for the price,

\$10

It is the greatest sacrifice sale we ever made, but as our patrons will be benefitted and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on more medium grades, but the entire stock will be sold at proportionate prices. Please bear this in mind:

NO SUIT WILL BE SENT OUT
ON APPROVAL AND NO SUIT
WILL BE CHARGED--ONLY
CASH WILL BUY THE GOODS
DURING THIS GREAT SALE.

Money, however, will be cheerfully returned if goods don't suit upon home examination.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Diamond Lake, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

TWO RAILROAD WRECKS.

A Freight Train Goes Through a Bridge and a Passenger Train Derailed.

PORTLAND, Ind., Aug. 10.—At 11 o'clock yesterday morning a southbound Grand Rapids and Indiana freight train went through the bridge spanning the Wabash River, a mile north of Geneva. The engine and tender fell into the river and the cars piled up over them. Engineer Earney Reidt and Fireman James Gallagher went down with the engine. The former had both legs crushed and was otherwise badly injured. He will die. Fireman Gallagher and Fireman James Clifford were severely injured. Owing to the wreck traffic over the road was suspended and passenger trains were sent from Portland and Decatur around by way of Celina, O., over other lines.

The southbound Grand Rapids passenger train, due here at 2 p.m., while making the detour was wrecked two miles north of Coldwater, O. The engine was running backwards at high speed when the tender left the track, piling up four passenger coaches and completely demolishing the engine. Engineer James Anderson of Fort Wayne jumped with his fireman, Joseph Golding of Fort Wayne, and both were badly injured about the head and shoulders. Conductor George Greenwalt of Van Wert, O., who was piloting the train over the Cincinnati Northern track, was in the cab, and jumped, but was caught under the locomotive and instantly killed. No passengers received serious injuries. Conductor Greenwalt leaves a wife and daughter.

Yellow Fever on Shipboard.

SAN FRANCISCO, Aug. 10.—The steamer City of Para, from Panama, was immediately sent into quarantine upon her arrival here. A Freerere, a French cabin passenger, died at sea last Thursday, the 5th inst., having been taken down with yellow fever on Aug. 1. He was buried at sea with all his effects. There was no other sickness on board the ship, but the steamer and all her passengers will be fumigated.

River Steamer Blown Up.

Cairo, Ills., Aug. 10.—Captain B. B. Bradley's towboat Fritz blew up 10 miles below here at 7 o'clock yesterday evening. Ten men are missing and four are badly scalded. The Fritz was on her way here from O'Bryan's landing with a tow of logs when her flues collapsed. The Ora Lee towed the Fritz into this port about 10 o'clock and the injured men were sent to the Marine hospital.

The Dauntless Stopped.

JACKSONVILLE, Fla., Aug. 10.—The Dauntless, whose many elusions of the federal authorities in filibustering to and from Cuba have made her famous, was pursued by a government vessel yesterday and halted with the threat of solid shot. She refused to stop until so threatened. The Cubans are disappointed, while the Spanish consul is correspondingly elated.

Lightning's Queer Antics.

PARKERSBURG, W. Va., Aug. 10.—Lightning played queer antics yesterday at the home of Allison Bartlett. It tore a clock on the mantel and set on fire a hundred pieces and set on fire the stock of a loaded gun, which was discharged, the shot tearing a large hole in the floor. Mrs. Bartlett was severely shocked.

Planing Mill Burned.

PIEDMONT, W. Va., Aug. 10.—Fire yesterday destroyed the large mill belonging to the West Piedmont Feed and Planing Mill company with contents and a large quantity of lumber. Also two dwellinghouses of R. M. McMullen and one of Oden Fazebaker. Loss, \$15,000; insurance, \$5,000.

Child Swallowed a Safety Pin.

KOKOMO, Ind., Aug. 10.—Yesterday a small child of Mr. and Mrs. Harry Wood of this city died of a mysterious malady. A postmortem investigation resulted in the finding of a nursery safety pin in the child's stomach. The pin was open when swallowed.

Run Over by a Train.

ROCHESTER, N. Y., Aug. 10.—Jacob Tompkins of 464 Congress street, Detroit, was perhaps fatally injured yesterday afternoon by being run over by a New York Central train. His left leg was amputated near the hip, and he was internally injured.

Accidentally Shot His Sister.

DILLSBORO, Ind., Aug. 10.—Ab Johnson, 17 years old, accidentally shot his sister, 13 years old, with a rifle. The bullet struck her in the back, passing almost through her body, and lodging just below the heart. The wound is supposed to be fatal.

Shot Himself.

NEW YORK, Aug. 10.—William G. Read, Jr., 38 years old, senior member of the New York stock exchange and of the important firm of Read, Parsons & Company, stock brokers, in the Edison building, committed suicide yesterday by shooting himself.

Killed by Lightning.

JACKSON, Miss., Aug. 10.—George Williams, brother of Assistant State Treasurer Williams, was killed by lightning near Stone Creek yesterday. The bolt entered the head, breaking his neck and backbone.

Head Severed From His Body.

LAFAYETTE, Ind., Aug. 10.—Thomas Dwyer of Frankfort was killed in the Big Four yards yesterday. He attempted to board a train and fell. His head was severed, 18 cars passed over him.

Dropped Dead on Her Birthday.

WASHINGTON, Ind., Aug. 10.—Friends had gathered to celebrate the 70th birthday of Eliza Straws, colored, when she fell dead.

Sound Sleeper Robbed.

AURORA, Ind., Aug. 10.—Thieves stole \$200 from under George Pate's pillow at Dillsboro last night while he slept.

THE GRAIN MARKET.

New York.

Aug. 9.—Cables were lower, but the trade was not particularly bearish, and steadiness ruled at the opening. Selling later commenced, due to the decline in the west and lack of foreign inquiries. Values then declined. Cash wheat was also easy.

St. Louis.

Aug. 9.—Wheat—Cash, 75¢c, bid; August, 80¢c, asked; December, 80¢c; Corn—Cash, 25¢c, bid; Corn—Cash, 30¢c; September, 30¢c.

Baltimore.

Aug. 9.—Activity was not a feature of the local grain market to-day. A strong undertone was apparent for corn and wheat, but only the latter was materially affected. Oats ruled weak. Wheat—No. 2 red nominal at 78c. Corn—Sales: 1 cwt white ear, track, 27½c; 1 ear No. 2 white, 28½c; 1 ear No. 2 yellow, track, 28½c.

Chicago.

Aug. 9.—Dullness was the rule all morning in the wheat pit. Values held steady. There was no special buying. September wheat closed at 76%, December at 78%, May at 81%.

In Mayville 70 cents is the price offered by the millers to-day.

Lexington dealers are paying 75 cents.
